PROFILE

A highly motivated and skilled Software Developer with over 1 year of hands-on experience in building both front-end and back-end web applications. Specializing in C# development with a strong understanding of modern web technologies and frameworks. Passionate about writing clean, efficient code and adept at rapidly learning new technologies to deliver robust solutions.

PROFESSIONAL EXPERIENCE

C# .NET Developer Intern
Informatics Community Engagement Project (ICEP)
02/2024 – 05/2025

- Developed and maintained full-stack web applications using **React, HTML5, CSS3, C#, and Entity Framework Core**.
- Designed and optimized **SQL, MySQL, and MongoDB** databases to improve performance.
- Developed and maintained **RESTful APIs** following security and scalability best practices.
- Built and optimized **responsive, scalable, and secure** web applications in collaboration with cross-functional teams.
- Used **Git and GitHub** for version control and team collaboration.
- Worked in an **Agile (Scrum)** environment with a strong focus on **user-centered design**.
